REQUEST FOR PROPOSALS (RFP)

Managed Information Technology Services
Southwest Alaska Vocational & Educational Center (SAVEC)
PO Box 615
King Salmon, Alaska 99613
Physical Address:
123 Thelma Drive
Naknek, Alaska 99633

Proposal Due Date: July 24, 2026
Contract Term: One (1) Year with Option for Annual Renewals

I. INTRODUCTION

The Southwest Alaska Vocational & Educational Center (SAVEC) is soliciting proposals from qualified Information Technology (IT) service providers to provide comprehensive managed IT services for its workforce training and administrative operations. SAVEC seeks a responsive, proactive technology partner capable of providing remote and on-site support, cybersecurity, network administration, technology planning, user support, and strategic guidance.

II. ORGANIZATIONAL BACKGROUND

SAVEC is a nonprofit regional workforce development organization serving the Bristol Bay region and rural Alaska. SAVEC provides vocational education, workforce development, and industry training programs throughout Southwest Alaska.

SAVEC operates a computer training lab that supports workforce development, information technology, and other vocational training programs. Reliable operation of the lab and classroom technology is essential to program delivery.

III. CURRENT TECHNOLOGY ENVIRONMENT

The information below is intended to assist vendors in preparing an accurate proposal. Quantities are approximate and may change during the contract period.

Organization
• Two (2) full-time employees.
• One (1) part-time Administrative Assistant/Custodian position anticipated.

Computer Equipment
• Three (3) staff desktop computers.
• Eight (8) student computers in the computer lab.
• Three (3) classroom instructor computers.
• Network printer(s)/multifunction devices.
• Approximately fourteen (14) Windows-based computers requiring support.
• Two (2) SMART Boards used for classroom instruction

Network Environment
• Business internet connection.
• Wired and wireless network.
• Shared printers and peripherals.
• Wireless network utilizing **Ubiquiti** wireless access points
• Firewall, switches, and network equipment.

Software Environment
• Windows operating systems
• Microsoft Office
• QuickBooks
• Adobe Acrobat
• Web browsers
• Other workforce training software as needed

SAVEC is not currently utilizing Microsoft 365 due to the ongoing subscription costs. Vendors may provide recommendations for future migration but should not assume Microsoft 365 administration is part of the base contract.

Future Growth
SAVEC anticipates expanding its technology infrastructure over the coming years as workforce training programs and the planned Regional Workforce Training & Education Center continue to grow. Vendors should identify how additional users and devices would be incorporated into their pricing.

IV. SCOPE OF SERVICES

A. Managed IT Support

- Managed IT support for desktops, printers, networking equipment, and future devices.
- Help Desk support (remote and on-site).
- Cybersecurity monitoring and endpoint protection.
- Network administration.
- Data backup and disaster recovery support.
- Documentation including network diagrams, administrator credentials, software licenses, equipment inventory, and disaster recovery procedures.
- Quarterly technology review meetings.
- A comprehensive IT assessment within the first 60 days including an asset inventory, cybersecurity assessment, backup review, disaster recovery recommendations, and a three-year technology roadmap.

- Cloud migration planning if requested by SAVEC.

B. Transition Services

- Coordinate with SAVEC and the incumbent IT service provider to ensure an orderly transition of services with minimal disruption to operations.
- Review the existing IT environment.
- Coordinate the transfer of administrator credentials, passwords, and system access owned by SAVEC.
- Transfer available network diagrams, equipment inventories, software licensing information, and technical documentation.
- Coordinate access to servers, workstations, network equipment, wireless infrastructure, backup systems, and other technology assets.
- Verify that critical systems are operational before completion of the transition.
- Prepare a written transition summary documenting the systems assumed under the agreement.
- Identify any unavailable documentation during the transition and work with SAVEC to recreate or document the information as necessary.

C. Classroom Technology Support

- SMART Boards.
- Student computer lab equipment.
- Instructor computer located in the computer lab.
- Audio/visual equipment as installed.
- Classroom printers.

D. Strategic Technology Planning

- Hardware replacement schedules.
- Software licensing recommendations.
- Cybersecurity improvements.
- Budget planning.
- Technology lifecycle planning.

Vendors may also describe optional Virtual Chief Information Officer (vCIO) services that provide executive-level technology planning, budgeting, project oversight, and long-term technology strategy.

V. RESPONSE TIME REQUIREMENTS

Priority	**Required Response Time**
Critical System Failure	Within one (1) hour
High Priority Issue	Within four (4) business hours
Routine Support Request	Within one (1) business day

Vendors shall describe their procedures for after-hours emergency support and their escalation process for unresolved issues.

VI. PROPOSAL REQUIREMENTS

Include:

1. Cover Letter
2. Company Overview
3. Experience with nonprofit organizations
4. Experience serving rural Alaska
5. Staffing Plan
6. Service delivery methodology
7. Sample SLA
8. Three references
9. Proof of insurance and business license
10. Pricing proposal
11. Cybersecurity qualifications
12. Transition plan

- The firm's approach to assuming responsibility for SAVEC's IT environment.
- The process used to assess a new client's technology environment.
- The information and documentation the firm would request from SAVEC and the current IT provider.
- How the firm will minimize disruption to SAVEC's daily operations during the transition.
- The estimated timeline for completing the transition.

13. Description of vCIO services (optional) or coordination with an owner-representative if SAVEC elects to retain an independent technology advisor.

VII. PRICING

Vendors shall complete the Pricing Proposal Form included as Appendix A.

SAVEC reserves the right to reject any or all proposals, waive minor informalities, request additional information from proposers, negotiate with one or more proposers, and award a contract in the best interest of the organization.

VIII. EVALUATION CRITERIA

Experience with similar organizations – 25
Experience in Rural Alaska – 20
Responsiveness and Support Model – 20
Technical Expertise – 15
Cybersecurity – 10
Cost – 10

IX. CONTRACT TERM

The initial term shall be one (1) year with annual renewal options based upon satisfactory performance and mutual agreement. SAVEC reserves the right not to renew the agreement based on performance, responsiveness, service levels, or organizational needs.

At the conclusion or termination of the Agreement, the Contractor shall cooperate with SAVEC and any successor IT service provider to facilitate an orderly transition of services. All SAVEC-owned

documentation, administrator credentials, passwords, software licensing information, network diagrams, configuration files, and other operational records shall be provided to SAVEC upon request.

X. SUBMISSION INSTRUCTIONS

Proposals must be received no later than **1:00 p.m. Alaska Time on July 28, 2026**.

Electronic proposals shall be submitted in PDF format to:

Annette Caruso
Executive Director
Southwest Alaska Vocational & Educational Center (SAVEC)
annettewilsoncaruso@gmail.com

Questions regarding this RFP shall be submitted by email no later than **July 21, 2026**.

Appendix A

Item	Proposed Cost
Monthly Managed Services	$_____
Hourly Remote Support	$_____
Hourly On-Site Support	$_____
Emergency After-Hours Support	$_____
Travel Rate	$_____
New Computer Setup	$_____
New User Setup	$_____
Additional Workstation (Monthly)	$_____
Additional User (Monthly)	$_____
Project Work	$_____

Appendix B

Equipment	Approximate Quantity
Staff Computers	3
Student Lab Computers	8
Classroom Instructor Computers	3
SMART Boards	2
Full-Time Employees	2
Future Part-Time Employee	1
Windows Computers Supported	Approximately 14
Wireless Network	Ubiquiti
Internet Connection	Business Broadband
